The Best Lan Party Games ensures a roaring fun time for you and your friends and eliminates wasting time finding something to play together (totally offline) over a LAN.

I loved games since I could remember and even got into trouble many times for spending my pocket money at the arcade machines at the corner café.

What made it especially fun was to go with my best friend that made the experience so much more enjoyable. We played games together like WWE, Double Dragon, Final Fight, Twin Cobra and many more.

16-bit Game consoles, the Commodore 64 and ZX spectrum came to market and we had some fun on those but it was not the same until Doom, Hexen, Death Rally and Heretic featured on DOS and then later Duke Nukem 3D.

No, I did not forget about Quake but I was never into it. I enjoyed Blood and Duke Nukem 3D much more.

The best part was that you could hook up two computers via serial cable and play together for a total blast. Our first LAN (Local Area Network) games was played via serial cable.

Call it nostalgia, but playing multiplayer games online is just not the same as having someone over for a game session. There is nothing better than laughing together or witness the expressions of defeat or victory.

Since then, I always have at least two computers connected to a LAN and ready for a game session but it happened a few times where finding a game to play was challenging or where there were patching problems preventing us from playing the game and it ended up in wasting a whole day.

Now I keep a list of the Best LAN Party Games handy as well as patches and tools to keep things going smooth.

Some Game Reviews You May Enjoy

The image is a promotional graphic for the game FTL: Faster Than Light. It features a large, glowing blue planet in the background. In the foreground, there is a detailed cutaway view of a spaceship, showing its internal layout and various rooms. The text 'FTL' is written in large, bold, white letters at the top, with 'FASTER THAN LIGHT' in smaller white letters below it. At the bottom right, there is a red shield with a white cross and the word 'SCOUT' written on it. The website address 'BESTPCSTRATEGYGAMESOFALLTIME.COM' is written in white text across the middle of the image.

FTL: Faster Than Light is an interesting, single-player strategy game with much more depth than meets the eye.

It tells your story as you flee from the Rebel Fleet in the Kestrel. (The ship you command)

You command your crew and every detail of your ship.

Ships can be upgraded and new ones can be unlocked.

FTL: Faster Than Light Game Review

Age Of Mythology is a real time, addictive strategy game.

It has immense depth and fantastic game play.

Command an army, mythical creatures and acquire the favor of the gods to wipe out your enemies and be victorious.

I am certain you won't be able to put this game down once you get the hang of things.
